

## Neele & the Sound Voyage Stageplan

FOH

Neele & the Sound Voyage

Infos & Patchlist

Infos:

### Audio-Concept

In small venues (up to 100 people) with reasonable sound on stage, Neele & the Sound Voyage plays completely acoustic. For bigger stages, we need a good PA for acoustic music. Quality-mics as suggested in the patchlist or similar. At least 4 separated Monitor-Wedges:

- 1) piano,
- 2) drums,
- 3) Voc,
- 4) Horns

Grand piano must be tuned.

A regular live show works with channels 1 – 11 if the show is recorded or the venue big, please patch also channels 12 – 17

## Patchlist

<b>Channel</b>	<b>Instrument</b>	<b>Microphone</b>
1	BD	Beta 52 or similar
2	SN	SM 57 or similar
